## Pro-line BV5595S FIVB approved

We are happy to inform you that the new professional ball Gala Pro-line BV5595S gets the FIVB certificate from September 2023 and is hereby officially classified among the balls that meet all criteria for playing in the highest competitions.

- the ball is intended for top indoor volleyball competitions
- meets the most demanding game requirements
- made of innovative synthetic polyurethane leather in a golf ball pattern
- dynamic 12 panel design (registered EU industrial design)
- working name "handshake" describes the sportsmanship gesture
- excellent flight characteristics of the ball, good visibility and distinguishability during the game
- butyl rubber bladder
- size 5

At the same time, we would like to introduce a new innovative line of volleyballs in the same design.

All these balls are available from the beginning of September 2023.
